NerdTree Introduction

by u/mdgaziur001

Posted on: 1 November 2021

Reading time: 5 minute

But I must explain to you how all this mistaken idea of denouncing pleasure and praising pain was born and I will give you a complete account of the system, and expound the actual teachings of the great explorer of the truth, the master-builder of human happiness.

About Us

NerdTree started as a group in the IT club of Ongko Organization in 2019. With more than 50 active members, NerdTree was one of the most active group in Ongko. More than 10 workshops were done within 2 years.

Now NerdTree is an independent organization. Aiming to spread the knowledge of programming among general people. With our own website with blogging, it's never been easier to do that.
